ATLANTIS TREIXADURA 2020

Elegant wine with fruity and floral character.

ORIGIN

In our eagerness to explore, in 2014 we began a journey in search of the areas with the greatest potential for white wines in Spain. Raúl Acha, technical director, and Richi Arambarri, our CEO, set their sights on the north, on those DOs that stand out for their freshness, as they are strongly influenced by the Atlantic climate.

For the Atlantis collection, the selection included four small regions with little international projection but with extensive history and ample capacity to compete with the best white areas in the world: Rías Baixas, Ribeiro, Valdeorras and Txakoli de Álava. There we produce the four Atlantis wines using native varieties: Albariño, Treixadura, Godello and Hondarrabi Zuri.

Atlantis Treixadura aims to highlight a variety that is sometimes forgotten but which is the queen of the DO Ribeiro, perhaps the area with the greatest winemaking tradition in Galicia. Here we discover the essence of a fresh but full-bodied white wine.

TECHNICAL INFORMATION

Varieties: Treixadura.

Vineyard: Vineyards are located on the slopes of the medieval town, called Ribadavia and surrounded with river Miño and Avia. Granite soil with a high presence of stones and gravels with loamy-sandy texture.

Harvest: Manual harvest during the first three weeks of September. Grape selection in the vineyard.

Winemaking: Controlled fermentation in vats at low temperature (18°C), to obtain powerful and fresh aromatic profile. Ten weeks of aging on lees in the vats.

Alcohol Content: 12,5% Vol.

TASTING NOTES

Colour: Clean golden-yellow colour.

Nose: Medium intense aroma with varietal character, showing aromas such as ripe yellow fruits and citrus.

Palate: Smooth, creamy with a great unctuousity and perfect acidity that matches its body, making it a very harmonious wine with long aftertaste.

2020 VINTAGE

An early year from budding, with a warm and humid spring that caused some losses and forced exhaustive control of the vineyard, with a great job done by the winegrowers. The warm summer helped the ripening to be very sustained. A timely drop in temperatures in the second half of August refreshed the vines and favored optimum maturity.
