BARDOS ROBLE 2019

An aromatic “roble” full of freshness and intensity.

ORIGIN

In 2004 when we began our exploration in the search for the wine regions with most potential in Spain, we discovered Páramo de Corcos, a difficult but privileged area for viticulture, at more than 900 meters above sea level in the heart of the Ribera del Duero. There, we took up the challenge of creating honest wines on the land from which they came, seeking the essence of high-altitude vineyards full of freshness and elegance.

At Bodegas Bardos we elaborate wines in an artisan fashion, aiming to have them reflect the Castilian landscape and climate of a place where only the bravest dare to work the land in the most extreme conditions, where the cold shrinks the bones, the wind cuts the flesh and the sun burns the skin. A place only suitable for the authentic “bards” of wine, our wine growers.
