

HACIENDA LOPEZ DE HARO

HACIENDA LÓPEZ DE HARO ROSÉ 2022

A rosé with a “clarete” soul, a Rioja classic reinvented.

ORIGIN

Although we have explored a lot, in Vintae we never lose sight of our land because here, in Rioja, is where we have learned almost everything we know. With Bodega Hacienda López de Haro we wanted to recover the authentic essence of Rioja, its fine wines, the classics that made this region great because they represent elegance.

But, if we wanted to create modern wines, it was not enough to look at tradition. That is why, in the Hacienda López de Haro collection, the historic Riojan finesse joins the grape quality of our old vineyards to create authentic contemporary classics.

In deciding where to establish our winery we chose the historic town of San Vicente de la Sonsierra, in the heart of DOCa Rioja surrounded to the north by the Sierra Cantabria and to the south by the Ebro river. The microclimate of the area and its clay-calcareous soils generate the perfect conditions for the vineyard.

 **TECHNICAL INFORMATION**

Varieties: Viura and Garnacha Tinta.

Vineyard: A selection of Viura and Garnacha low production vineyards, settled on clay-ferrous soils in the area of Alto Najerilla (La Rioja).

Harvest: Manual harvest from September 5 to October 6.

Winemaking: Short maceration (24-48 hour), controlled fermentation at low temperature (16°C) during 20 days.

Alcohol Content: 12,5% Vol.

 **TASTING NOTES**

Colour: Very pale salmon, with coppery nuances and light gray tones in the border.

Nose: Floral notes accompanied by fresh pome fruits and an orange peel background.

Palate: Very harmonious and enveloping. The sweetness of the Garnacha is combined with the freshness of the Viura in a perfect balance. Of subtle character, but with great length and persistence, typical of the Atlantic signature that transmits the Alto Najerilla area.

 **2022 VINTAGE**

2022 was a vintage marked by drought and high temperatures, which led to a healthy grape of excellent quality thanks to the total absence of diseases. The harvest was early and somewhat shorter than in previous vintages, and it maintained its freshness in the highlands where our vineyards are located.
