LA GARNACHA PERDIDA DEL PIRINEO 2021

The soul of high altitude Garnacha.

ORIGIN

This collection is a tribute to Garnacha, a variety historically forgotten and neglected because of its complicated viticulture, to which we are truly devoted here at Vintae. Both Richi Arambarri, CEO of the company, and Raúl Acha, technical director, come from Alto Najerilla, the area of La Rioja with the highest concentration of old vineyards of this variety, which they both know well. Their family vineyards are the starting point to explore the Ebro Valley in search of the best Garnachas, which transfer the landscape they come from to the glass.

With this project we want to demonstrate that Garnacha is a world-class variety and we do it through six wines made in five different areas of Aragón, Catalonia and Rioja, where we have gone in search of and recovered old vineyards. Richi and Raúl discovered the Garnacha Perdida vineyard by chance in 2015 and instantly fell in love with this highland Garnacha.
