LA GARNACHA OLVIDADA DE ARAGÓN 2022

## Grenache from Aragon in its purest state.

### ORIGIN

This collection is a tribute to Garnacha, a variety historically forgotten and neglected because of its complicated viticulture, to which we are truly devoted here at Vintae. Both Richi Arambarri, CEO of the company, and Raúl Acha, technical director, come from Alto Najerilla, the area of La Rioja with the highest concentration of old vineyards of this variety, which they both know well. Their family vineyards are the starting point to explore the Ebro Valley in search of the best Garnachas, which transfer the landscape they come from to the glass.

With this project we want to demonstrate that Garnacha is a world-class variety and we do it through six wines made in five different areas of Aragón, Catalonia and Rioja, where we have gone in search of and recovered old vineyards. La Garnacha Olvidada de Aragón transmits the essence of a purely Aragonese garnacha thanks to the excellent vineyards of the Ribota Valley.

---

## TECHNICAL INFORMATION

**Varieties:** 100% Grenache.

**Vineyard:** Old vineyards, planted in the forties, on ferrous clay soils with boulders in the Ribota Valley, with an average altitude of 850 meters. The weather is warm continental.

**Harvest:** Manual harvest of selected grapes in the first week of October.

**Winemaking:** Maceration for 17 days, controlled fermentation in 15.000 kg concrete deposits at the temperature below 25°C.

**Aging:** Aged for 6 months on its lees in concrete tanks.

**Alcohol Content:** 14,5% Vol.

---

## TASTING NOTES

**Colour:** Mature red cherry with violet rim.

**Nose:** Intense with dark red fruits with moka and cocoa notes.

**Palate:** Smooth and fruity wine, complemented with gentle tannins. Intensive character that fills the mouth and leaves a long aftertaste.

---

## 2022 VINTAGE

*The 2022 vintage in Calatayud began with a dry winter and continued with an irregular spring and scarce rainfall. The summer was extremely hot and dry, which accelerated the vine's growth cycle. Timely rains at the end of August allowed for a good recovery before an early harvest. The result was very healthy and concentrated grapes.*
